PRE-SURGICAL INSTRUCTIONS FOR FOR PERIODONTAL AND IMPLANT SURGERY

SURGERY WITH INTRAVENOUS SEDATION

1. Please notify your doctor if you are taking any blood thinners (ie. Coumadin, Plavix) on a regular basis.
2. Avoid any beverages containing caffeine 24 hours prior to surgery.
3. ***Do not eat or drink anything 4 hours prior.*** If your surgery is in the afternoon, eat a good breakfast. Take all current medications prescribed by your physician.
4. Patients receiving IV sedation cannot operate an automobile for the rest of the day.
5. Antibiotic-premedication for heart murmur or prosthesis should be taken as directed prior to surgery.
6. Wear loose comfortable clothing to your surgical appointment.
7. If you wear contact lenses, please do not wear them on the day of surgery.
8. Diabetic patients should consult with Dr. Rosenfeld or Dr. Mandelaris regarding management of blood sugar levels prior to surgery. Bring your glucometer to your surgical appointment . We will test your blood sugar level prior to beginning sedation.

SURGERY WITH LOCAL ANESTHETIC

1. Please notify your doctor if you are taking any blood thinners (ie. Coumadin, Plavix) on a regular basis.
2. Avoid any beverages containing caffeine 24 hours prior to surgery.
3. Antibiotic-premedication for heart murmur or prosthesis should be taken as directed.
